Exchange Rate Import (ERI) Registration Process

The Exchange Rate Import (ERI) operates using a subscription based web service. Subscriptions are normally sold on an annually basis. The subscription must be renewed in order to continue to use the service. The service will stop working if the subscription is not renewed.

This instruction set will assist users in loading new registration tokens for the service subscription period.

Launch Olympic Systems Exchange Rate Import

Start > All Programs > Olympic Systems > Exchange Rate Import

Click Configuration

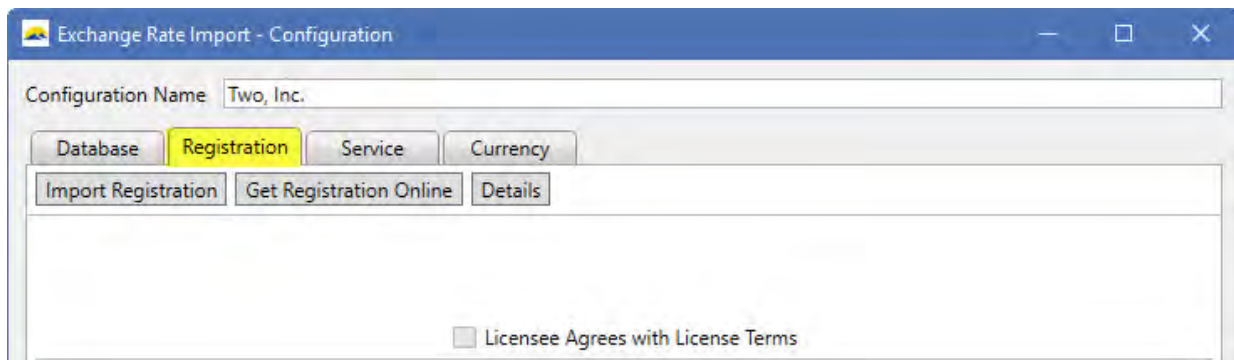

Then **Select Your Configuration**

Registration

Click on the **Registration** tab.

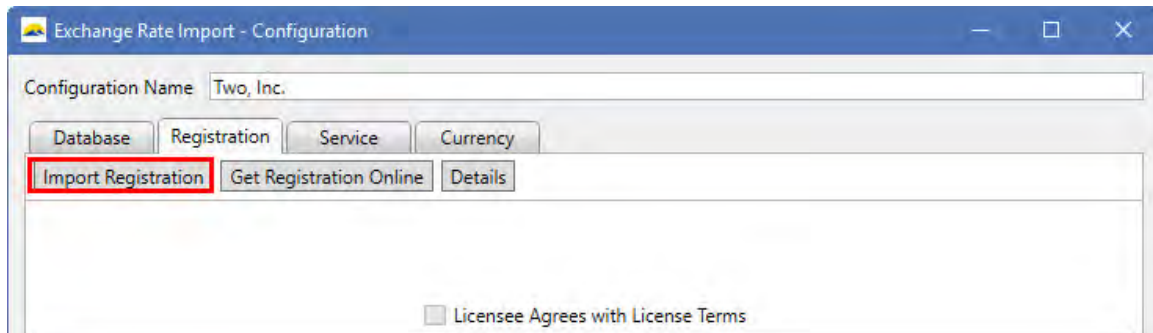

In this version the user has 2 options to configure the registration of the software

1. **Import Registration :**
2. **Get Registration Online button:**

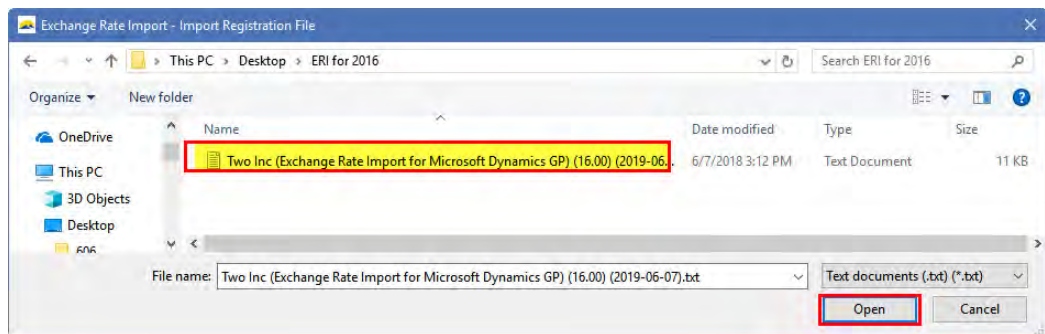

Import Registration Option

Click on the **Import Registration** button:

In the Open window path to the location of the Exchange Rate Import registration token that was provided when you purchased your software.

Select the token file.

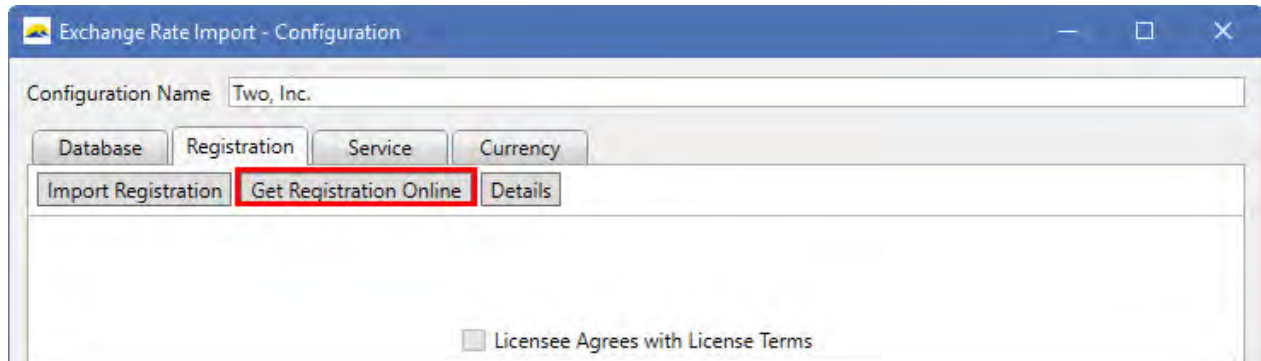

Click Open

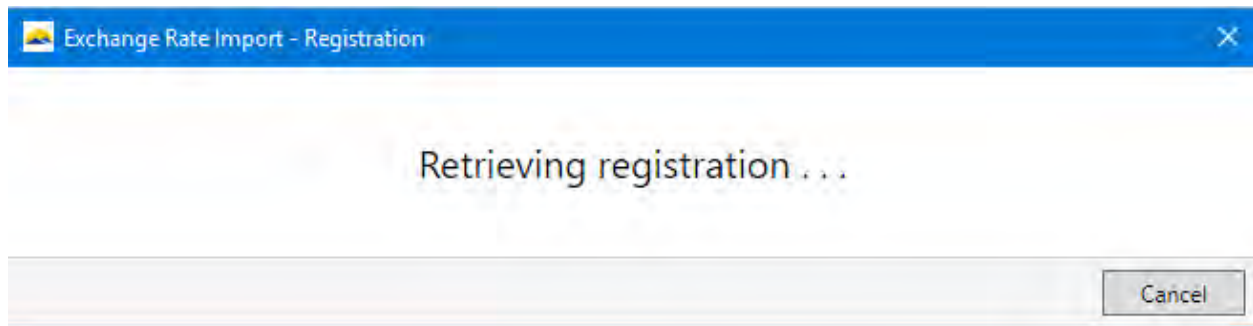

Continue to the License Agreement Section:

Get Registration Online Option

Click on the **Get Registration Online** button:

The software will send a request over the internet to get the registration token online.

If the existing registration is current the user will receive this message and ask if the user wants to be notified when a new key is available.

(See the Get Notified Section for more details)

Continue to the License Agreement Section:

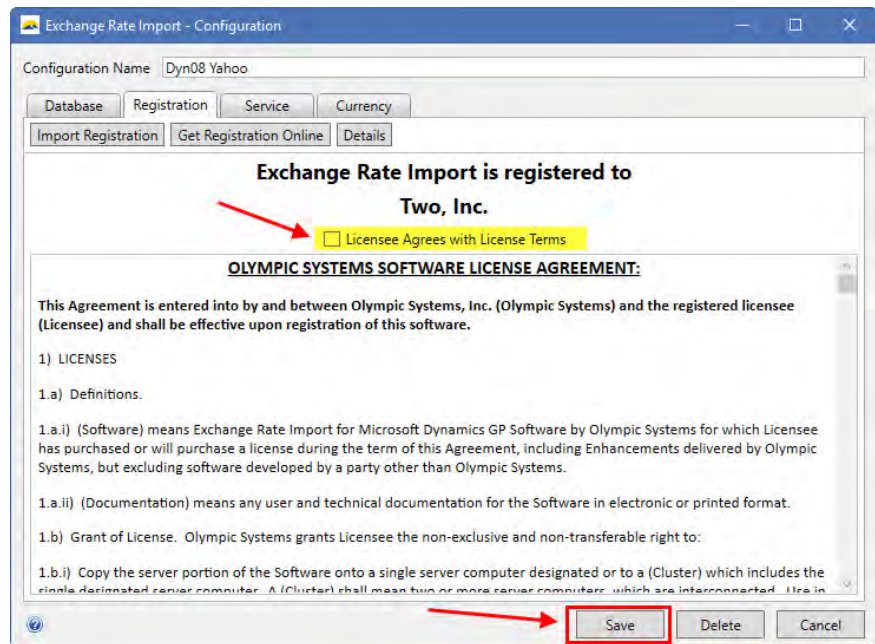

License Agreement Section:

The software will retrieve the registration. User must Review and Agree to License.

Review the License Agreement

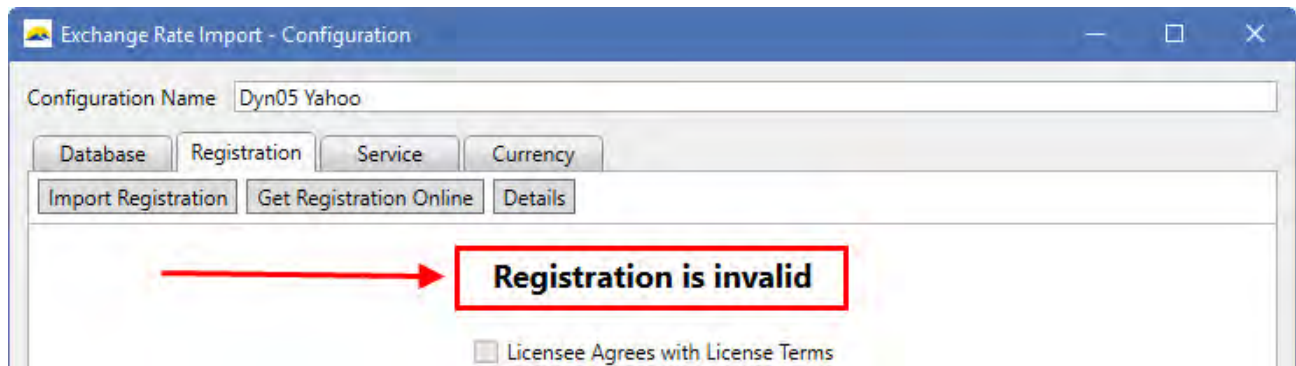

Check the “Licensee Agrees with License Terms” check box

Click Save

When manually importing the Registration it is possible to get an error:

In the event that you receive” Registration is invalid“ message –Click on the Details button

Send a screen shot of the Details window to either your Service Provider or contact Olympic Systems for assistance.
