Work Simpler & Easier®

Omni Price

Manage nearly every pricing situation you can think of, and a bunch you haven't.

What Omni Price Does

Enhance GP's standard pricing capabilities without having to shift between programs

Set up pricing contracts by customer, item, date, or unique criteria

Use **filters** to simplify lookups, updates, tracking, and exports

Prioritize multiple contracts to allow more than one valid contract at a time

Handle complex pricing levels and requirements with ease

How Omni Price Makes Your *Work Simpler & Easier*®

» The Sales Team can always get the right pricing, for the right customer, at the right time.

» Controllers can authorize discounts, adjustments, and preset promotions based on simple to manage filters.

» Accounting can ditch the spreadsheets and manual effort of managing multiple price lists.

» IT Managers are off the hook because mass updates can be easily managed and pricelists can be set up in advance based on date filters.
